Product description

- A Minimum of 35% Savings with Simple Lamp Replacement
- Up to 60% Maintenance Reductions
- Twice the lifespan of conventional lamps
- Reduction of Lighting Maintenance
- Hassle-free installation without rewiring

T5 Retrofit Lamp

IP44

Product Technical Specifications

Physical Aspects:

Luminaire	T5 Retrofit Lamp System with Electronic Control Gear
Luminaire Material	ABS Lampholders with Powder Coated Aluminium Extrusion
Reflector	Reflektor Model - Specular 320G
Ingress Protection	IP44

Lamp:

Light Source	T5 Tube infused Durabrite Coating
CRI	Ra ≥ 85
CCT	2700K, 4000K and 6500K
Approximate Lifespan	20,000 Hours

Electrical Specifications:

Input Voltage (V)	170 - 250 VAC
Power (W)	28W - 4 Feet and 14W - 2 Feet
Power Factor (PF)	≥ 0.98
Control Gear	Integrated Control Gear

Further engineering data is available upon request.
